

# AQ-BC-6BT BLUECUBE 'HIDE-AWAY' STEREO

## BLUECUBE MEDIA PLAYER

The improved BlueCube 'hide-away' stereo is designed to be installed out-of-sight and plays music wirelessly via a Bluetooth enabled smartphone or MP3 device.

Control your music directly from your Bluetooth enabled device or with the handheld RF remote control (sold separately).

### Now with Halo Aerial Technology and Virtual Bass!

*Halo Aerial Technology* improves the standard Bluetooth wireless signal and range, for a stronger signal and increased range in all directions.

*\*Virtual Bass* uses digital technology to enhance bass response. Even on small speakers the perceived bass frequencies are extended to create a richer listening experience.

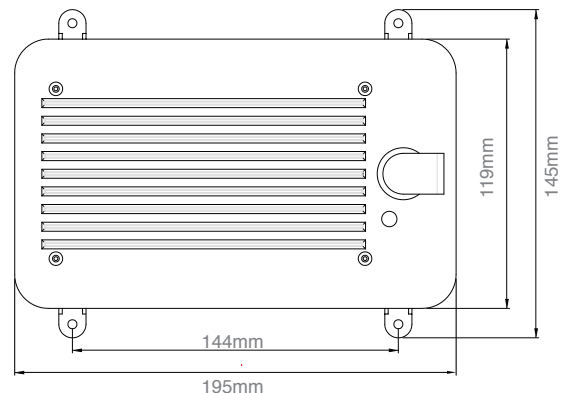

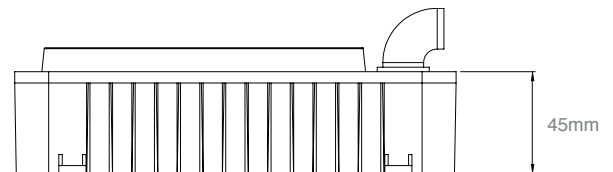

Additional features when used with optional Remote Controls (sold separately).

## SPECIFICATIONS
