

CMM-10GR

Marine Source Unit with LCD Display

POSITION:

Weatherproof, gauge-style source unit engineered for marine and powersports applications.

Weatherproof Design:

IP66 rated and built to withstand the elements.

SELLING POINTS:

#1 Salt & Sun Certified / Water Resistant

- Built to exceed industry standards for salt-fog/UV exposure (ASTM B117/D4329) and vibration resistance, ensuring durability in harsh marine environments
- Weatherproof (IP66 rated) design and construction

#2 Flexible Audio Capabilities

- Two stereo pairs of preamp outputs (1.5V RMS), with selectable Zone 2 or Subwoofer functionality
- Built-in amplifier delivers 80 watts of high-fidelity sound (20W RMS x 4) to two main zones
- Customize your sound with onboard tone controls (Bass/Treble), plus independent Subwoofer zone level control

#3 Clean Looks with Excellent Ergonomics

- Round, compact chassis fits into standard 3-inch (76 mm) gauge openings
- Easy-to-read, high-brightness, 2.09-inch (53 mm) LCD display with dimmable illumination control for nighttime viewing
- Intuitive interface with large text for easy legibility while in motion
- Large, backlit buttons for ease of use in demanding environments

#4 Loaded with Great Source Options

- Global, digital AM/FM tuner with RDS (Radio Data System) extended display info, where available
- Store up to 9 each of your favorite AM/FM tuner stations
- Wireless Bluetooth® audio streaming from your compatible devices
- USB 2.0 input plays a wide variety of audio formats (MP3, WMA, FLAC, WAV) from your USB storage device, with 1A USB charging output
