

# AQ-BC-6UBT BLUECUBE+ 'HIDE-AWAY' MEDIA PLAYER

## BLUECUBE+ MEDIA PLAYER

The improved BlueCube+ 'hide-away' stereo is designed to be installed out-of-sight and plays music wirelessly via a Bluetooth enabled smartphone, MP3 or USB device.

Control your music directly from your Bluetooth enabled device or with the handheld RF remote control.

### Now with Halo Aerial Technology and Virtual Bass!

**Halo Aerial Technology** improves the standard Bluetooth wireless signal and range, for a stronger signal and increased range in all directions.

**Virtual Bass** uses digital technology to enhance bass response. Even on small speakers the perceived bass frequencies are extended to create a richer listening experience.
